Congratulations to Lois Rosen, who received the "Duke" award at The John Wayne Cancer Institute Auxiliary's 25th Odyssey Ball.

The gala, held at The Beverly Hilton, was co-chaired by Jackie Banchik, Marissa Coughlan and Susan Rosen Lynch, and featured a cocktail reception, silent auction and, after dinner, dancing to our hearts content...

Patrick Wayne presented the award to Lois in appreciation for her long time support of JWCI. After a heartfelt speech, she ended with a toast and said, "Let's Party"... and party we did.

KTLA's Sam Rubin did a terrific job as the evening's host with proceeds to benefit Armando Giuliano M.D., chief of Science and Medicine, and Frederick Singer, M.D., director of the Endocrine Bone Disease Program at JWCI located at St. John Health Center.

The Wellness Community -- West L.A. providing support, education and hope to people affected by cancer, held its 12th annual "Tribute To The Human Spirit" awards gala at The Beverly Hills Hotel.

Samantha and Royce Clayton, Ron and Tracey Bregman Recht, and Alice and Ken Starr co-chaired the event.

Honored with "Human Spirit" awards were Susan and Mark

Burger, Julie and Evan "Indy" Moore, and Claudia Sangster.

As a couple affected by cancer, interior designer Susan Burger and her husband Mark, co-founder of Pacific Development Partners, received their award from Ron Recht.

Pamela Anderson did the honors for Julie Moore and her husband, Evan "Indy" Moore, who started Kamp Indy in Malibu.

Pamela Anderson

Gala chair Alice Starr presented the award to Claudia Sangster, director with Harris myCFO, Inc., and president/executive director of the Harris myCFO Foundation, a public charity sponsoring donor advised funds.

Profits from the gala will be used to sustain the programming at The Wellness Community and keep them free of charge.

Fredric M. Roberts is founding chairman of the Spotlight awards with Walter Grauman being creator/executive producer. Thanks go to Bank of America and Helen and Peter Bing for their support.

back and as good, if not better, than ever at the 57th Boomtown Gala at Santa Monica Civic Auditorium.

Wow... What a night... as SHARE honored Jamie Lee Curtis with its Shinning Spirit award.

After a huge silent auction, the 500-plus guests, dressed in Western attire, proceeded to their tables to watch the show.

The curtain opened and there were the SHARE gals dancing away in their short purple dresses, showing us that no matter what your age, you can still be a knockout. During the Western-inspired dinner of chili, BBQ ribs and chicken, corn bread biscuits and cobbler catered by Along Came Mary, I kept telling myself to think about how great the girls looked and not eat too much (it didn't work well as the food was delicious).

SHARE President Maxine Smith introduced a much surprised Marilyn Katleman, who received the "Member Of The Year" award for her extraordinary support and dedication to the organization.

Kelly Curtis introduced her sister Jamie Lee with a loving speech... Their mother, Janet Leigh, was a longtime active member and one time president of SHARE... Jamie relived some wonderful memories she had of her mom watching the rehearsals. Jamie Lee emotionally mentioned she was wearing the vest her mother always wore at SHARE...

Besides the opening number, the Share girls performed *One Night Only* and *I Love Your I Do* and danced while singer Geno Henderson decked out in a white suit sang *Cadillac Car* (think Eddie Murphy in the movie *Dream*
